We are pleased to present the 1985 Alumni Directory as the Summer issue of Nimbus.

Please allow us to explain the order and presentation of address listings. The Directory is the first to be issued by the newly chartered Alumni Association. Since it includes persons graduated over a fifteen year span, the listing is bound to contain some errors in spellings and addresses. As many of you know, this last year has seen the centralization of alumni records through the Office of Admissions. Thanks to the institutional support that the Association now enjoys, our record keeping has improved tremendously. We do realize that it is far from perfect, and we hope that you will bear with us. You can help us by submitting corrections and new information. We welcome your suggestions.

Those listings shown with a year indicate that the person was graduated. Women are alphabetized by maiden name with the married name following. (Please let us know should you care to be listed differently.) Due to the size of our computer field, longer names may result in the abbreviation of the given name.

The following persons provided us with a great deal of support and information, and we would like to thank them.

A Message From the Provost

It is a pleasure to forward this edition of the Alumni Directory to you. The Directory is a product of the combined efforts of the New College Foundation, the Provost's office, the Office of Admission, and most importantly, you, the alumni. Your assistance with record keeping, as well as several generous contributions from your ranks, have made the Directory a reality.

I hope this Directory will help us all keep in touch. As you will see, we are still lacking information on some alums and would very much appreciate your help in tracking them down. We hope that this will be the first of many directories as we become closer to all of you now out in the world beyond our campus. I see this project as yet another sign to you that we are now serious about gaining your help and support in the years to come. As I have said to several of you privately, I feel the alumni are the rudder necessary to keep this institution on course. And now that we have each other's addresses, there is no excuse not to write back and forth.
