A Letter from the NCAA Board

Dear Fellow Alumnae/i:

I AM HONORED AND EXCITED TO SERVE EACH OF YOU AS CHAIR OF THE New College Alumnae/i Association. NCAA's charge is to promote communication among alumnae/i and between alumnae/i and New College, to sponsor activities and events for alumnae/i, to advise the President of New College of Florida and the President of the New College Foundation, Inc. of alumnae/i concerns, and to provide financial and other assistance to New College in carrying out its educational mission.

With that charge, we at the NCAA will continue to focus much of our future effort on increased alumnae/i engagement, improvement of communication with alums and the college, and expanding our support for the college's future. It is our particular hope that this Directory will assist us in continuing to improve that communication.

To us, increased alumnae/i engagement not only means enhancing our alumnae/i chapters across the country, it also means working with alums to increase their individual involvement in our core programs, and bringing alums into the conversation of what will be New College's charge as we enter into the next 50 years of the life of our beloved Alma Mater.

New College would not be what it is today without the support of its talented and diverse alumnae/i population. I became involved with the NCAA because I was grateful to New College for providing me a foundation to reach many of my personal growth, career, and professional goals. I feel a deep sense of obligation to repay my debt of gratitude to New College for helping me reach these goals. I am sure many of you feel the same way; if not, please stop and reflect on what New College means to you.

Together we can influence the future of our Alma Mater, build a legacy that will maintain the name of New College, strengthen the reputation of the college, and as a result, continue to increase the value of our degrees. We hope that you enjoy the results of our efforts in this directory.

Sincerely,

A handwritten signature in cursive script, reading "Cindy Hill Ford".

Cindy Hill Ford '89
NCAA Board Chair

NCAA's 25th Anniversary

ALUMS FROM MOST CLASS YEARS AND FORMER AND CURRENT NCAA BOARD DIRECTORS, including past presidents, gathered at New College over the weekend of May 21-23, 2010, to celebrate the 25th anniversary of the New College Alumnae/i Association. 245 alums, spouses and former and current faculty/staff participated in a weekend of celebration that highlighted NCAA's milestone and kicked off the beginning of New College's 50th Anniversary celebration year. Highlights on Friday included the annual toast to new graduates given by current board chair Cindy Ford '89, a well attended reception in the evening at NCAA's home, The Keating Center, and a campus walking tour given by Jono Miller '70, Environmental Studies Program Coordinator.

On Saturday, honorary alumna Mary Elmendorf and emeritus professor Mac Miller gathered with alums to discuss plans and share ideas regarding the College's 50th Anniversary year and NCAA hosted an elegant 'birthday' dinner on Saturday evening in College Hall with music provided by New College student music groups Acapellago and New Cats.

"It felt like home."

-DAVID B. SCHWARTZ, '66

President Michalson and many current and former Association supporters toasted NCAA with their wishes for the future with prompts served up in the restored Ringling Family punch bowl by reunion leader emeritus Ginger Lyon '70. NCAA honored founding board president Mary Ruiz '73 with an orchid and the promise to fulfill her birthday wish of "re-committing

HALF-CENTURY HIGHLIGHTS

Founders plan for New College, Feb. 23, 1962. Trustee Executive Committee, L to R: Dr. Howard Spragg, Philip Hiss, George Baughman (first President, 1961-65), Dr. Wesley Hotchkiss, Dr. Gifford Hale, David Lindsay.

Dr. John V. Elmendorf, second president of New College, 1965-72.

December, 1965: Students prepare for volunteer trip to Guatemala to assist new Peace Corps members, directed by Mrs. Mary Elmendorf (third from right).

New College Alumnae/i Association

Founded in 1985, the mission of the New College Alumnae/i Association is to promote communication among Alumnae/i and between Alumnae/i and New College, to sponsor programs, activities and events for Alumnae/i, to advise the President of New College of Florida and the President of the New College Foundation, Inc. of Alumnae/i concerns, and to leverage and deploy the talent, knowledge, enthusiasm and financial resources of the Alumnae/i to support New College in carrying out its educational mission.

All graduates of New College shall be members of the Association upon graduation. Any person who has withdrawn from New College after having completed at least one academic term shall be eligible to become a member of the Association in accordance with the By-Laws of the Association.

"When I return to campus I always have so many questions, spoken and unspoken: How will it have changed? Will anybody know me? Where will I find love? In the end, only one question matters, namely, 'Is it ALIVE?'"

-GINGER LYON '70

NCAA has a proud tradition of offering unique programs and services to alums and students. These highlights include:

The Alumnae/i Fellows Program which provides alumnae/i the opportunity to supplement the academic and co-curricular experience of students by teaching an Independent Study Project (ISP), a semester or half semester-long (mod) course for credit, or by leading a not-for-credit workshop or seminar. 2010 was the 20th Anniversary of this program, through which NCAA has provided over 50 alum fellowships to support academics through the Alumnae/i Fellows Endowment Fund.

The Student Research and Travel Grant Program which provides funding for students to support their research (particularly thesis research), and travel grants for tutorials and thesis work. It is funded through gifts made to NCAA and the Foundation. “The student grant program is one of the greatest assets for students,” says grant recipient Bryson Voirin ’03. “From researching sloths in Peru to preserving at conferences in Germany, NCAA grants have allowed me unrivaled research opportunities.”

NCAA’s Mentoring Program provides alums and community friends the opportunity to learn about and to talk with current students about ‘Life after New College’. In many cases, these mentor opportunities lead to internship and further mentor engagement opportunities. Amanda Lebofsky ’05, who interned in the office of alum Dr. Christine Hamilton-Hall ’78 as a student, says “Dr. Hamilton-Hall is a constant reminder that New College takes you places. Working for her has confirmed my life goals.”

The Alumnae/i Association's Chapter Program focuses on strengthening the relationship between alumnae/i and the college. NCAA coordinates 13-18 chapter events each year across the country, giving alums the opportunity to mingle with each other and with college president Mike Michalson, NCAA and Foundation staff, and occasionally with prospective and current students.

Nimbus, our alum newsletter published three times a year, was launched in 1984, just prior to the Association's founding. Its purpose is to keep our 6,500-plus alums connected to New College and informed about fellow alums. Every issue contains updates about what the NCAA is doing for the alum community, what is happening with alums all over the world, and what issues the college is facing as the student population, the alum body, and the college's national renown grow. NCAA also provides *Nimbus* copies for students, faculty and staff to view.

Like a cyber version of Palm Court, the *Four Winds Forum* is the place to go to interact with other alums. Just as at any wall or PCP, conversations range from academic debate to travel to subletting a room. The Four Winds Forum fills a gap that other networking sites can't cover. It has a mix of personal and professional venues that allow you to connect with alums based on your needs. According to Alicia Windsor '99, an alum lawyer in the Miami area, "Everyone on the site has New College in common, so it was easy to reach out to people I hadn't met before."

On the fundraising side, NCAA remains active in informing alums of how they can get involved to support the Association's programs and college initiatives. In the fall of 2007, the NCAA initiated a project to meet New College's need for increased funding for out-of-state students to establish a 50/50 ratio of in-state to out-of-state students. The first part of this undertaking was a campaign to raise \$250,000 from alums to create The Palm Court Endowed Scholarship Fund.

In 2009, NCAA met its goal. The \$250,000 raised will be matched at 50% by the State of Florida with an additional \$125,000, creating an endowment of \$375,000 for out-of-state student scholarship support.

This initiative also leaves a visible reminder of New College's significance to all of us. The second part of the project is the dedication of Palm Court (aka "The Center of the Universe") on behalf of all alums. These tax deductible donations will be commemorated by a brick, paver, or silver plaque name plate in Palm Court. Alums can immortalize the names, favorite quotes, or gifts in honor of a loved one in the "Center of the Universe."

Bricks were installed in the summer of 2010 in the newly revitalized Palm Court. A dedication ceremony will be held in February of 2011 during the 50th Anniversary Alum Reunion Weekend.

The NCAA also has a distinguished role in its contributions to the Alum Annual Fund through its series of Phonathons, directed by NCAA and staffed by student callers.

Alphabetical Listing

This section lists all alumni in alphabetical order with class year and degree. Job title, employer name, business telephone number, and email address follow, along with residential address, telephone number, and email address. Married alumnae are listed by their current last name and cross-referenced by their student last name. Spouse's first and last name (if different) is listed where available.
